

Put a Stop on the Spread of Norovirus

Norovirus is a very contagious virus that causes vomiting and diarrhea and it spreads fast and easy. According to the CDC, you can get norovirus from: having direct contact with an infected person, consuming contaminated food or water, or touching contaminated surfaces and transferring into your mouth. It is important to know how you can get norovirus so you can better understand how to prevent the spread of such virus.

This virus can be more serious for young children, the elderly, and those with pre-existing health conditions. One great way to kill this virus is by using [Diversey Oxivir 1 Wipes](#). Click [here](#) to learn more.

Fresh Products
myfresh Air Freshener

Its small, high-velocity fan pulls air through the filters and distributes fragrance – moving five to ten times more air than typical dispensers. myfresh's compact design and motion activated release make it perfect for freshening the air exactly when and where it's needed. Taking care of the planet is important, which is why myfresh is 100% recyclable.

Nichols High Performance
Ice Melter

A sodium chloride product with a bio-based accelerating agent shown in Strategic Highway Research Program testing to exceed the melt value of a theoretical 30% calcium chloride blend. High Performance Ice Melter will not harm concrete and vegetation when used according to label instructions and contains no added magnesium chloride which has been shown in studies to chemically attack concrete.

Kimberly Clark WypAll Cleaning Wipes

These are the ideal pre-saturated cleaner for on-the-go cleaning. The alcohol-free natural citrus solvents cut through grease, grime and oil, while soothing ingredients moisturize the skin. The specially designed cleaning fabric incorporates a textured surface on one side to increase scrubbing action for more thorough cleaning, while being thin and flexible enough to get into tight spaces. The other side features a smooth surface, which wipes away dirt from your hand or a work surface. The middle absorbent layer soaks up and holds the dirt. These wipers are truly a must-have for any dirty job and cleaning on the go.
