

Nichols Building Service Contractors & Commercial Real Estate Solutions

What's Your Facilities Value of Clean?

The budget is tight, you don't have any more mop heads, but you know you need to clean your floors ... so what do you do? Using an old sweatshirt or t-shirt is not the answer. While innovative, it's not the proper solution.

At Nichols we know that too often the value of clean in facilities is overlooked. When budgets are tight, it is common that the custodial department is the first to be considered for cuts. You face reductions in overhead in the form of people, right down to the budget for tools and products you need to do the job efficiently.

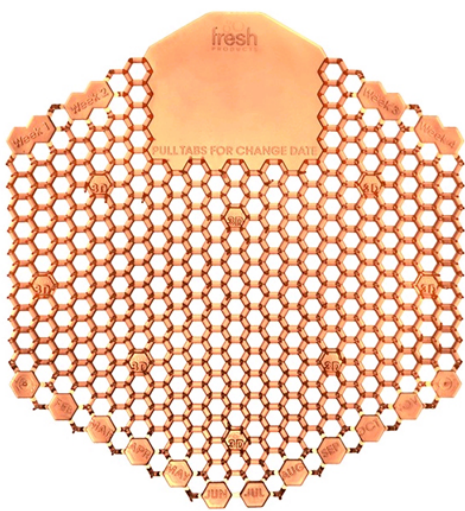

Some of the most common ways to generate cost savings through cleaning include:

1. Work Ticket Resolution Costs
2. Occupant Wellness: Absenteeism
3. Improved Productivity: Presenteeism
4. Image Enhancement: Customer Satisfaction
5. Asset Preservation
6. Energy Savings
7. Reducing Healthcare Associated Infections (HAI)

Check out our latest [blog](#) to learn more about how the Value of Clean in your facility should be calculated.

Featured Products & Equipment

Nichols Wave 3D Urinal Screen with Enzymes Optical Brighteners to Enhance the Beauty

Releases billions of optimized bacteria and more than twice the fragrance as competing urinal screens over 30 days to keep the urinal and restroom smelling fresh. Unique design eliminates installation error and installs both ways without sacrificing splash reducing performance. Long protrusions on both sides plus a unique hexagon mesh eliminate urine splash, cutting cleaning time. Simply pull off the week & month tabs to set your reminder.

Available in mango, spiced apple, cotton blossom, cucumber melon, tea lily, herbal mint and ocean mist.

Von Drehle Elegance Premium 2-Ply Bath Tissue

Good things come in small packages. Von Drehle's Elegance Bath Tissue is the elegant, bath tissue solution. It provides a

Febreze Professional Sanitizing Fabric Refresher Advanced Technology - Only from Febreze

Febreze Sanitizing Fabric Refresher eliminates and freshens odors trapped in fabrics; it's not a 'cover-up' product.

- Sanitizes and kills 99.9% of bacteria on soft surfaces.
- Prevents mold growth on soft surfaces for up to 14 days.
- Patented binding technology locks on to odor molecules and eliminates odor for good.
- A light, fresh scent is left behind to leave the treated area smelling fresh and clean.
- Safe for virtually all fabrics.
