## Tannin Stain Remover

A spotter formulated to remove coffee, tea and other tannin stains, which can also be used as a general debrowner.

### Effective

- Cleans coffee, tea and cola stains quickly

### Versatile

- Use full strength for tough stains or dilute for general debrowning

### Easy- to-Use

- Rinses freely with water
- WoolSafe® approved and phosphate-free

### Convenient and Cost-Effective

- Available in ready-to-use quarts

# Tannin Stain Remover

## Use Directions

### For Treating Spots

- Apply Tannin Stain Remover to spot.
- Agitate with a scraper, working from the outside in to keep the spot from spreading. Allow to work for 5–10 minutes.
- Blot with clean white towels to absorb stain.
- Repeat if necessary. Extract or rinse with water and blot dry.

### For General Debrowning

- Dilute 4 oz. Tannin Stain Remover with 1 gallon hot water (500 mL per 16 L) in pump-up sprayer.
- Lightly spray over entire browned area. Allow 15 minutes to work.
- Thoroughly rinse carpet with clean water in extractor.
- Groom carpet with clean carpet rake or stiff synthetic broom and allow to dry.

Note: If being used for the first time, test for colorfastness in an inconspicuous area before use.

## Product Specifications

Description	
Color/Form	Clear pale yellow liquid
Flash Point	>200° F (>93.4° C)
pH	2.83 (Concentrate)
Scent	Fruity
Shelf Life	2 years
Solubility	Complete

Product Code		Description/Package Size	Dilution
904252		6 x 32 oz./946 mL Squeeze Bottles	Ready-To-Use (Treating Spots),
04252			1:32 (General Debrowning)

## Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available on-line at [www.sealedair.com](http://www.sealedair.com) or by calling 888 352 2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up to date shipping information.
