Transforming Your Break Room Into a Hygienic Break Space

Dixie® Break Room Collection

BREAK ROOM

GP PRO™
Georgia-Pacific

Is Your Break Room Hygiene Ready?

Break rooms remain essential to office life, but we all know how vulnerable they can be to the spread of germs. Fortunately, more professionals are adopting hygienic practices—from handwashing to social distancing to enhanced cleaning, sanitizing and disinfecting. But what about the break room products used every day? Are they engineered to protect your employees and guests? Look to the following to help ensure your break room is hygiene ready:

Disposable Products

Using disposable products—vs. permanent-ware cups, plates or cutlery—can help prevent cross-contamination and minimize personal contact.

Touchless, Closed System Dispensers

Touchless dispensing allows patrons to take products such as cutlery without making contact with the dispenser itself ... no levers or buttons to push. And closed systems help protect products inside from contamination.

One-at-a-Time Dispensing

When products such as napkins are dispensed one at a time, patrons only touch what they need.

DIXIE®

DIXIE® PLATES, BOWLS & LIDS

Sturdy, Sustainable Paper Plates & Bowls with a Hygiene Advantage

Our heavy- and medium-weight plates and bowls provide a hygienic alternative to permanent-ware dishes—particularly with clear dome lids that help protect food. Dixie and Dixie Ultra® plates are strong on performance with a range of shapes and sizes to appeal to nearly any break room setting.

Why Dixie® Plates & Bowls?

- RECYCLABLE[1]
- DURABLE
- MICROWAVEABLE
- SOAK PROOF
- CUT RESISTANT
- SPACE EFFICIENT
- LESS PACKAGING = LESS OVERALL WASTE
- CUSTOMIZABLE

HYGIENE FIRST
Using disposable products **can help prevent cross-contamination** and minimize personal contact.

Clear Dome Lids Help Protect Food and Fits Across All Designs

Plates & Bowls in White, Custom Print and Pathways® Designs

[1]May be recycled in a recycling facility that accepts paper products containing food residue. Such facilities may not exist in your area.
[2]GP Proprietary Research (EFN-150646) based on a representative sample of 10" Dixie Ultra plates using a broad variety of food types.

DIXIE®

DIXIE® PERFECTOUCH® PAPER HOT CUPS

Meet the Feel-Good Hot Cup that Helps Prevent Cross Contamination

Since its launch two decades ago, the PerfecTouch® Hot Cup is quite possibly the most beloved hot cup ever. It's a mainstay of break rooms where you'll immediately notice the cup's soft exterior. Plus, it never needs a sleeve since it's insulated with air bubbles. And especially relevant now: The option of individually wrapped PerfecTouch® cups can offer an added layer of protection against cross contamination.

Why PerfecTouch® Hot Cups?

- RECYCLABLE[1]
- STORAGE EFFICIENT[2]
- SOFT, TEXTURED FEEL
- INSULATED, NO SLEEVE NEEDED
- INDIVIDUALLY WRAPPED OPTION
- CUSTOMIZABLE

70%
70% believe disposable cups are more hygienic than permanent ware in break rooms or common areas.[4]

90%
90% of office coffee mugs test positive for dangerous germs.[3]

Also Individually Wrapped for an Added Layer of Protection

45%
PerfecTouch® cups save as much as 45% in stacking height allowing a smaller case cube.[2]

25 Cups Per Stack

Efficient Stacking Helps Maximize Storage Capacity

[1]Product may be recycled in a commercial recycling facility that accepts paper products containing food residue. Such facilities may not exist in your area.
[2]Average of 45% reduction in stack height based on testing comparing PerfecTouch® cup in 12, 16, 20 and 24 oz. sizes to polystyrene foam cups in the same sizes.

DIXIE ULTRA®

DIXIE ULTRA® 2-PLY INTERFOLD NAPKIN SYSTEMS

One-at-a-Time Dispensing So You Only Touch What You Need

Napkins can make a powerful impact on the break room experience. Our Tower and Tabletop Interfold dispensers not only look sleek, they're engineered to dispense premium 2-ply napkins one at a time—which can cut waste by 29%.[1] And these closed systems can be more hygienic than open environments where patrons may touch multiple napkins.

Why Interfold Napkins?

- ONE-AT-A-TIME DISPENSING
- 29% WASTE REDUCTION[1]
- SUSTAINABLE[2] 2-PLY NAPKINS
- SLEEK, CLOSED DISPENSER DESIGNS
- EASY TO MAINTAIN
- CUSTOMIZABLE DISPENSER INSERTS

29%
One-at-a-time dispensing helps reduce napkin waste by 29%.[1]

DIXIE ULTRA® SMARTSTOCK® CUTLERY SYSTEMS

Touchless, Hygienic Dispensing Because Nobody Wants Others Touching Their Cutlery

It's unsettling to see grabbing hands in open cutlery bins. Fortunately, touchless SmartStock® Cutlery Systems can help you minimize contamination with cutlery dispensed one at a time. So, break room patrons only touch what they need. This efficient technology can also help reduce cutlery usage up to 31%.[1]

Why SmartStock® Cutlery Systems?

- HYGIENIC, TOUCHLESS SYSTEMS
- CONTROLLED ONE-AT-A-TIME DISPENSING
- RELIABLE TECHNOLOGY, SMALL FOOTPRINT
- WASTE SAVING & SUSTAINABLE
- EASY LOADING & MAINTENANCE
- SERIES-T COMPOSTABLE CUTLERY AVAILABLE SUMMER 2020[4]
- CUSTOMIZABLE DISPENSER INSERTS

SmartStock® Tri-Tower Cutlery Station: High Capacity Meets Touchless Technology
