

FEATURED EQUIPMENT FOR COVID-19 DEFENSE

Electrostatic Sprayers

Electrostatic sprayers provide electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage.

Clorox Total 360 Electrostatic Sprayer

The Clorox T360 features a patented PowerWrap nozzle, delivering superior surface coverage for healthier facilities. The electrostatic technology is your best line of defense against COVID-19 because it delivers consistent wraparound coverage of solution to all surfaces - top, bottom and all sides. Ideal for use anywhere illness causing germs can quickly spread.

Associated Products: Only approved for use with Clorox Total 360 Disinfectant Cleaner 1 ([CLO31650](#)).

Sprayers & Misters

**Karcher Mister-X
Disinfecting Misting Sprayer**

Turn your extractor into a COVID-19 defense system with the new Windsor Karcher Mister-X Disinfecting Misting Accessory. The new Mister-X directional disinfecting misting accessory can be used with all Karcher extractors including Clipper 12 and Chariot 3 iExtract 26 DUO. Quickly convert your carpet extractors into a misting tool for your disinfecting needs.

Associated Products: Designed to be used with Vital Oxide ([KAR86442920](#)).

**Tornado Vapor
3.5 Gallon Capacity**

The Tornado Vapor mister and spotter is a great machine for COVID-19 defense. It allows you to quickly and easily disinfect all of your high touch areas. This two-in-one machine features over 110' reach for plenty of room to work and a 3.5-gallon capacity that allows you to mist between 7500 – 10,000 sf. It's smaller size will disinfect and clean where bigger machines just can't fit.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

**Nilfisk Titan IMPACT 410
Sprayer 115 Volt**

Specifically designed for small- to medium-sized disinfecting jobs. The Impact 410 is a durable, compact and portable contractor-grade sprayer. Dependable productivity for COVID-19 defense. Self-adjusting Quad+ Packings deliver the best performance every time.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

**MotorScrubber Battery
Backpack Mister**

The MotorScrubber Storm is a ballistic virus killer designed to quickly sanitize and disinfect surfaces and rooms with ease from a safe distance. The backpack is comfortable and lightweight (weighing at 11.68 pounds, or 5.3Kg, at full capacity), meaning no strain on users backs or arms. Backpack has a run time of 1 hour and 50 minutes at continuous usage and 3 hours theoretical usage. Much like a fogger, the Storm generates a fine mist from a disinfectant solution which is sprayed onto surfaces through a high speed nozzle.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
MSSTORMCOMPUS	3 Week Lead Time

**Nilfisk Titan Flex
Hand Held Sprayer**

FlexSpray puts the power of airless and the control of HVLP into one versatile sprayer creating the first multi-tool for disinfecting your facility. 10x the life of a handheld airless sprayer. Control that delivers a vertical, horizontal or round fan pattern.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
CAV524093	IN STOCK

**Karcher PS 4/7 Bp
OBC Mister**

Achieve a higher level of efficacy in COVID-19 defense with this hospital-grade misting system. Misting provides higher efficacy by improving coverage more efficiently than spray wipe methods and wipes. It delivers disinfectant into hard to reach corners and crevices. The whisper quiet efficient pump and power supply are designed to operate without disturbing people around you. Rechargeable 12-volt system for a full 8 hours of use. Narrow design makes it ideal for tight spaces.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
KAR10070840	1 Week Lead Time

**Commercial Cold Water Pressure Washer
HD 2.0/1000 Dual Mister**

Kärcher's cold water, corrosion-resistant aluminum Dual Mister easily converts from a pressure washer to a mister for dispensing sanitizer or disinfectants, such as Vital Oxide. This reliable electric powered pressure washer comes standard with a humidifying nozzle and an Easy! This unit is designed to combat viruses and bacteria like Coronavirus in misting mode, or it can be used as a high pressure washer to clean surfaces.

Associated Products: Designed to be used with Vital Oxide ([KAR86442920](#)).

Part Number	Availability
KAR1106160	1 Week Lead Time

**Multi-Sprayer M1
Electric-sprayer**

The M1 Electric-sprayer allows for maximum portability for small disinfecting jobs. Its small size, 20 ft. cord and sprayer defend against COVID-19 in hard to reach places.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
MSSM1 & MSS950050	1 Week Lead Time

**iW90 Dispersion
Application Tool (DAT)**

COVID-19 brings a new challenge to the cleaning industry, and ICE has your solution. The mobile DAT comes standard with a 20 gallon tank that makes access and cleaning simple. With it's 13 foot polyurethane recoil hose, the DAT makes fast work of getting into hard to reach spots. Quickly and easily disperse the right chemical solution to either disinfect or sanitize.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
ICEIW90DAT	1 Week Lead Time

**Foam It 5 Liter
Pump Up Spray Mister**

Compact manual pump up spray mister allows for maximum portability for small disinfecting jobs. Its small size and sprayer help defend against COVID-19 in hard to reach places. Viton seals for chemical compatibility. The natural color tank offers fill markings for easy visibility of product levels.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

FOAMUAC15NPSGN130	1 Week Lead Time

**NSS Opti-Mist 20B, 20-Gallon Battery
Powered Dual Sprayer**

The Opti-Mist 20B is the ultimate in spot spraying or wide-area spraying in large buildings where productivity is a must. The operator has the choice of using the hand sprayer or switching to the adjustable spray bar below to make quick work of floor spraying. This dual sprayer (patent pending) provides a consistent, controlled mist to help with COVID-19 defense.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
NSS4904920	2-3 Week Lead Time

**NSS Opti-Mist 3E, 3-Gallon Cord-Electric
Sprayer**

The Opti-Mist 3E is ideal for spot spraying or wide-area spraying where extended runtime is a must. This sprayer provides a consistent, controlled mist. Equipped with a 20' cord and a 25' coiled hose, the Opti-Mist 3E can cover plenty of area. Compact and lightweight, transporting the Opti-Mist 3E is simplified by its retractable handle and built in wheels. A molded-in carrying handle helps with stairways and loading the sprayer into vehicles.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
NSS4904940	4-6 Week Lead Time

**NSS Opti-Mist BB, 4-Gallon Battery
Powered Backpack**

The Opti-Mist BB is ideal for spot spraying or wide-area spraying where operator mobility is a must. This sprayer provides a consistent, controlled mist. Fast and effective way to get rid of COVID-19 and other viruses with proper disinfectant. This sprayer is perfect for covering large-scale areas quickly.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.

Part Number	Availability
NSS4904944	2-4 Week Lead Time

**Minuteman Mist-It Electric Powered
Mister**

The Minuteman Mist-It! is a powered mister for applying disinfectant. Clean surfaces of viruses and other particulates. Multiple uses for sanitizing and disinfecting, pest control, odor control. Quick and efficient disinfectant solution application to help kill bacteria and viruses like COVID-19. Compact, lightweight and can be rolled housing its 4" diameter wheels. The DS2 is designed for spray only operations that require maneuverability, efficiency, power and hassle-free, one-person operation.

Associated Products: EPA approved disinfectants. See COVID-19 Disinfectants Brochure for part numbers.
